

You are all invited to our annual....

Healthy Schools FREE Online Pupil Event

On Tuesday 7th March 1-3pm via Zoom

- Free for all primary schools, including academies, to attend remotely from the comfort of your school
- Aimed at Key Stage 2 pupils
- Over 3,800 pupils from over 100 schools attended our last event so don't miss out!
- Following feedback from our last pupil event, this year's themes are Being Active & Healthy Eating
- Pupils can take part in two live interactive KS2 workshops:
 - Get growing in school with the RHS
 - Live cook along with Phunky Foods
 - Active Learning with North Yorkshire Sport & Let's Move
 - Connecting with Nature with the Yorkshire Dales National park

NB when you book you can choose two workshops but all workshops and key speaker sessions will be recorded and available to watch after the live event. We do hope you can join in live on the day but if not please still book your school's place to receive a link to the recording, which can be watched in school at any time to suit you.

Some workshops will require some preparation eg the Live Cook along but all instructions will be available ahead of the event.

KEY DETAILS

- You must register to take part in the Healthy Schools award scheme (unless you are already signed up) to attend. The Healthy Schools award scheme is fully funded by North Yorkshire Public Health for all North Yorkshire schools to take part, including academies, with free training and support:
Register online to join Healthy Schools: healthyschoolsnorthyorks.org
- Pupils must be accompanied by an adult who can write in the chat box during the event. There is no limit on how many pupils can take part from your school but they will need to be able to see a screen to view the event. We suggest connecting via a whiteboard.
- Council Directors and Councillors will be speaking at the event.

Any questions please email: healthyschools@northyorks.gov.uk **Please book your school's place by Monday 27th February. Joining link will be circulated after booking.**
