[Clicker \(Teaching assistants\) - Wednesday 7th June - 3:45pm - 4:30pm](#)

[Find our previous webinars here](#)

"For me, the best thing about Clicker is how it increases writing confidence. He knows that if he goes wrong or gets in a muddle with his spellings, it doesn't matter because he can have another go and there is something there to support him and help him put it right."

- Anne Harris, SENCo, St Joseph's Catholic Primary School

*"We primarily use DocsPlus instead of human readers for exams. This gives students far greater independence and **saved us 300 hours of staff time in the first year alone.***

We're now rolling it out to students further down the school - teaching them how to use the mind maps for planning and revision, and the word banks to support writing."

- Fiona Johnson, SENCo, St Augustine's Priory School
