

STEM that sticks... Making science memorable

**THIS YEAR'S THEME IS 'TIME', TO TIE IN
WITH BRITISH SCIENCE WEEK 2024**

A fantastic opportunity for all primary school teachers! Would you like a full day of ideas and inspiration to help you teach this year's British Science Week theme of 'time'? We have a variety of science workshops and talks throughout the day, as well as contributions from STEM Ambassadors and other exciting opportunities! Workshops include STEAM careers and enrichment, micro:bits and more!

The day is suitable for both primary school teachers and teaching assistants.
