Electricity contract Information

Audience: All Schools

The YPO/NYCC electricity supply contract for 2019-2023 has been awarded to nPower plc, with 71% savings on the previous management fee.

If your school has opted to join the new contract there is nothing for you to do (except to provide your customer meter readings on 31/03/2019). We will ensure the new contract is set up in line with the current details. However if you would like to make any changes (such as billing address) please let us know.

If your school has opted to obtain your own supply contract elsewhere, please ensure your new contract is in place by 1st April 2019. If you do not have a new agreement in place then nPower will continue to supply the school, but the account will go to off-contract rates which are 2-3 times higher than contract rates.

We will co-ordinate with nPower to ensure your Final bills are issued correctly. Please assist us in this by supplying meter readings on 31/03/2019.
