Poverty Awareness Training

Poverty Awareness Training for North Yorkshire Schools

Outline

Poverty Awareness Training for North Yorkshire Schools run by Children North East

Description

Poverty has a significant impact on communities across the UK, with over 14 million people affected by poverty, including 71% of working households and 42% of families with three or more children particularly affected. Our training is designed to leave a lasting impact and to get participants feeling curious and galvanised to make inclusive change.

Outcome

Delegates will have had an opportunity to meet with colleagues from other schools to discuss health and wellbeing and had input on effective practice and provision to To understand how poverty is defined

To have an awareness of child poverty statistics in a national and local context

To understand who is most at risk of poverty

To understand the causes of poverty and how it impacts decision making

To understand the link between child poverty and education

To understand how practices in your school can create barriers for those living in poverty
