

Governor School Improvement Meeting (GSIM)

4 July 2023 6pm – 8pm

All governors are invited to attend the Governor School Improvement Network, which will be held virtually on 4 July 2023. As well as local updates, the session will include inputs from:

Katherine Soanes, the National Governors Association (NGA) Regional Lead for the East and East Midlands. Katherine's role is to support governors, trustees and governance professionals to improve the educational outcomes and wellbeing of young people. Katherine will deliver a session on the theme 'what good governance looks like' with a focus on monitoring and evaluation governor visits, executive leader reports and effective questioning.

Olivia Seymour, the Assistant Director of Education (Distinctiveness) in the Diocese of York. Olivia will provide an update on governors' statutory duties in relation to RE and Collective Worship.

Haydn Rees Jones, the Policy and Development Officer for the North Yorkshire Safeguarding Children Partnership (NYSCP) will provide an update on the work of partnership and how they can support effective safeguarding in schools.

There is no charge for attendance, but places must be booked via NYES (your school office will be able to help with this).
