### **Immunisations and Gillick Competence second seminar for secondary schools**

#### **Immunisations and Gillick competence second seminar for secondary schools**

##### **Outline**

This second briefing will present the protocol and guidance on how Gillick Competence is going to be used in schools from September '23 within the context of immunisations.

##### **Description**

This briefing will include a presentation from the School Age Immunisation Service around their protocol around assessing Gillick competence for immunisations. Following from the first session in May, this session will provide opportunities for schools to ask questions and raise any issues that need to be taken into account. The questions/concerns will allow for the protocol/guidance around Gillick competence to be finalised before being used in the 23/24 academic year.

##### **Outcome**

As a result of attending, delegates should:

- Understand their responsibilities around immunisations that are delivered in schools
- Understand what Gillick Competence is and how it is assessed in the context of immunisations
- Understand the protocol around it and how it will be applied going forward

##### **Booking Information**

Please ensure that it is the DELEGATE that is booked to ensure that the instructions for the course and any pre-course information are sent to the delegate.
