2018: Free School EAL Health Check

Bookings are available now for schools to arrange their free 2 hour EAL needs analysis visit, from an EAL and GRT Consultant.

In partnership with a SENCo, Lead for Inclusion or Senior Leader from the school or setting, the Consultant will support the school or setting to evaluate:

- the school environment and how it celebrates diversity
- provision teaching and learning
- policies and practice

to ensure the school/setting best meet the needs of new arrivals and EAL learners.

Schools will receive a feedback report and a suggested action plan.

The EAL and GRT Service from September 2018

The service has undergone a restructure and from September will be based in NYCC offices, rather than schools.

The service supports teachers to develop their skills and strategies so they can effectively support EAL and GRT pupils in the classroom.

The service also offers bespoke support for new arrivals with little or no English, to help them make rapid progress so they can access the curriculum. We also support EAL pupils with SATs and GCSE preparation.

What does the service offer?

- Staff training- central training and in school
- Support and advice for senior leaders, SENCOs, teachers and teaching assistants
- 1:1, small group or in class pupil support
- Family liaison
- Interpretation and translation services
- Guidance and resource materials
