

## Building a sustainable future for the Friarage

### 7 November 2017

In October, South Tees Hospitals NHS Foundation Trust launched a programme of engagement events entitled Building a sustainable future for the Friarage which will run until Wednesday 20 December 2017. The purpose of these events is to:

- Share our current challenges so we can start a conversation about how these might be addressed and to help shape any proposals going forward.
- Gather feedback and thoughts on how we can deliver safe and sustainable services in the long-term from our Friarage site, given the challenges we face.

To date, we have held four out of 11 engagement events in Northallerton, Hawes, Richmond and Catterick Garrison which have been attended by over 200 people but we'd be grateful if you could publicise the remaining events on school and college websites.

A dedicated section explaining all of these changes is also available on the trust's website at [www.southtees.nhs.uk/friarage](http://www.southtees.nhs.uk/friarage) which also includes a resources section with leaflets, Q&A and other information.

If you do require any hard copies of material please contact the trust's communications team at [stees.public.relations@nhs.net](mailto:stees.public.relations@nhs.net) or on 01642 854343.

We are also very keen to attend meetings held by our partner organisations and patient and community groups to seek as many views as possible from across the area we serve.

If you haven't contacted us already and would like a representative from the Trust to attend one of your meetings, please contact Joanne Evans, Service Manager (CEO Office), at [joanne.evans7@nhs.net](mailto:joanne.evans7@nhs.net) to arrange.

Yours sincerely
