

Department
for Education

The Department for Education
would like to speak to parents
or carers of children aged
between 0-5 years old

We would like to understand more about how you find different
information to help support your child/children

This would include a 50-minute interview with 2 members of
DfE staff.

The research interviews can happen on Teams at a time to suit
you, or face to face at a place close to you.

We are hoping the research can be conducted throughout
July/August.

If you think you may be able to help, please click the following link
or scan the QR code to complete screening questions
