\*If a foster parent is married/lives with a partner, they also must be in *paid employment outside of their fostering responsibilities* to qualify for Working family funding of any type.

### **Additional Information**

1. The FIS Team can be contacted regarding eligibility or application queries for 2YO FRAS funding at [fis.Information@northyorks.gov.uk](mailto:fis.Information@northyorks.gov.uk)
2. Childcare Service can be contacted by working parents/carers on 0300 123 4097 for queries about eligibility and applying for all types of Working Family funding.
3. Foster parents wishing to access Working Family funding should speak to their social worker in the first instance about applying for any type of Working Family funding. Social Workers must then contact the Funding Team at [eyft@northyorks.gov](mailto:eyft@northyorks.gov) for eligibility queries and for the relevant application form to complete. Working Family funding Codes for eligible foster parents are created by the local authority, not HMRC.
4. If the foster child's placement was not completed through North Yorkshire Council but another local authority, the foster carer/social worker will need to contact the other local authority's Early Years Funding Team instead to obtain the child's Working Family code. This is because codes can only be created by the local authority with legal responsibility for the child.
5. Government early years funding is only payable for 38 weeks per annum. Parents, carers and foster carers should check with their chosen childcare provider how they will offer funded hours to them e.g. term time only or if this is 'stretched' to cover non-funded and holiday weeks.
6. Government early years funding is intended to cover the cost of childcare only. It is not intended to cover the cost of food, consumables, activities or non-funded sessions. Parents, carers and foster carers should always check with their chosen childcare provider what charges are payable by them, upon registering to access their funded entitlement.
7. Government early years funding can be accessed by a parent, carer or foster parent up until a child attends a reception class place or reaches compulsory school age (the term after their 5<sup>th</sup> birthday), whichever happens first, subject to holding a valid Working Family code to do so if required.
