HR-0621-T001	Staff hearing and appeals: Governor Panels	08/06/2021 and 15/06/2021	17:30 – 19:00

**The following packages are available to be delivered as a bespoke session for your full board. Bookings can be made by completing a bespoke consultancy request via [NYES](#).**

**Governor roles and responsibilities:** If you have had a significant change to the membership of your board over the last few years, or if you think that it would be helpful to have a refresh of a board’s roles and responsibilities, then this one-hour remote session can be accessed by your full governing body. If it is appropriate to your board, time can be included during the session for governors to start to consider a skills audit, which will support both current practice and succession planning.

**Monitoring training for governors:** This session focuses on the key role that governors hold in monitoring and holding your school to account for the educational performance of pupils. You will consider the school improvement cycle, tools to support governor monitoring, your policy and procedures for ‘visiting’ school, and at the moment the session includes a focus on remote education and monitoring remotely.

**Monitoring in practice:** This is a follow up to the session above and is a practical session with one of the local authority’s senior education advisers. You will work together to undertake some monitoring in practice within your school. This session could be undertaken remotely in the current circumstances, or face-to-face once it is safe to do so. This session is bespoke to your school and will consider your school improvement plan, head teacher reports, data, the curriculum, etc

**Safeguarding overview for governors:** This session will provide an overview with regard to safeguarding for all governors and will cover statutory responsibilities of the governing body, policies, training, monitoring and evaluation and Ofsted.

**School complaints – an overview for all governors and staff:** This session can be delivered to governors and staff. It focuses on school complaints and what everyone in school needs to know about the process, in line with the DfE model complaints policy and guidance.

**Ofsted overview for governors:** This session will consider the three core functions of effective governance and how they are rooted in the requirements and expectations of boards of governors during an Ofsted inspection.

**For further information about these sessions, or for any other specific training needs please contact [schoolimprovementservice@northyorks.gov.uk](mailto:schoolimprovementservice@northyorks.gov.uk) or talk to your Senior Education Adviser to discuss your requirements.**
