National Executive Advisory Committee**

Voice of Schools Survey 2020 - 2021

Dear Colleague,

Firstly, thank you for taking the time to read this letter during another very busy time following the first week of welcoming all children back to school – we hope that this process has been successful for you.

We are writing to you on behalf of the Service Children in State Schools National Executive Advisory Committee (SCISS NEAC), wanting to share some really exciting news with you following completion of the SCISS Voice of Schools Survey 2020. By completing the survey, schools have started to shape improvements in the way that this cohort of unique children and young people are supported in schools across England and started making a real difference to how many organisations can support them in the future.

Below you will see the link to the full report and an executive summary, and we hope that you will find the reading interesting and informative.

<https://www.sciss.org.uk/voice-of-schools-project>

Two things will occur as a result of the outcomes in the report:

1. The SCISS NEAC will use the information you provided to create an action plan and will communicate with our key partners the ways in which they are able to better support Schools having a direct impact on improving experiences and opportunities for children and young people
2. The SCISS NEAC will use the feedback you have given us communicate with policy makers to continue to advocate for schools and Service children and strengthen the relationship schools have with the MOD and their Service community

The SCISS NEAC will be publicising actions they are carrying out from this survey via social media channels and the SCISS website (www.sciss.org.uk).

We know that supporting Service children is an ever-changing field of play and we need to continually move with this to ensure that these children receive the best that our schools can provide.

If you have any queries or questions, please do not hesitate to contact us on info@sciss.org.uk

Finally, thank you for all that you do in supporting Service children in your schools, we know that your hard work is greatly appreciated – especially at such challenging times.

Steph Fawdry
Chair of SCISS NEAC
Headteacher
RAF Benson Community Primary School
