Home to school transport consultation - 25 March to 16 June 2019

Audience : All schools

North Yorkshire County Council has a statutory responsibility to provide travel assistance between home and school for eligible children. We transport around 20,000 pupils every day. The total cost of transport in 2017/18 was £22.6 million and our forecasts show that the total for 2018/19 is likely to be £24.7 million.

We are now consulting on the discretionary help we provide above and beyond the statutory requirements. We have started to implement the proposals agreed last year as part of the SEND Transport Consultation, and through that process a number of other suggestions were provided by the public for the authority to consider.

The changes we are consulting on will help the council to make long-term savings and bring our home to school transport service in line with Department for Education statutory guidelines, to ensure the local authority is allocated the correct funding from central government.

There are seven proposals out for consultation and we would encourage schools and parents to review our proposals and submit comments through the online survey.

We have attached the link to the webpage which host the consultation, we are also holding a number of public events shown below.

We also have paper version and easy read available on request via our contact centre on 01609 780780

Matrix Challenge 2019

Audience : All Secondary Schools

The Matrix Challenge is a cyber competition aimed at 11-17 year olds who are educated within the Yorkshire and Humber region. Organised by the Yorkshire and Humber Regional Cyber Crime Unit, players in two age groups (11-14, 15-17) are tasked with completing challenges on a digital platform. Y&HRCCU will be holding roadshows at schools across the region from 29 April to 24 May. The grand final will be held at York Racecourse on Saturday 6 July and finalists will be invited (with parents and school representatives). Find out more about last year's event at
