

SEND Inclusion Survey

Schools' Survey

Thank you for taking the time to fill in this survey.

We are aiming to get a broad consensus on the essential elements and format for a SEND practice toolkit. The toolkit will aim to guide teachers and school staff in reviewing inclusive practice in their school, to ensure schools can create learning environments that are inclusive to all children and to give a common set of expectations about what a school could be doing to meet the needs of children aged 5-16 with Special Educational Needs and Disabilities.

All nine questions are optional and all responses are anonymous. Please do not include any details that could identify you, your school children or anyone else. This document is available in alternative languages and other formats if necessary.

If you need to contact anyone regarding this survey, please email SENDInclusionSurvey@northyorks.gov.uk
