

HM Treasury

# Summer Work Experience Programme 2024

29 July to 2 August

## Want to make a real difference? Want to explore life at the heart of government?

HM Treasury helps to make change happen. We innovate and imagine, working on exciting new ideas that transform people's lives across the country. This summer we are running our forth work experience programme for students aged 16 to 18 in full time education or training.

In recent years we have worked on a range of big projects, making a real difference to the people of the UK. We have worked on delivering financial support during the COVID-19 pandemic, supporting Ukraine, and tackling the cost-of-living crisis.

Over the course of the week you will get to experience life at the heart of government:

- Meet Ministers
- Explore the work of HM Treasury
- Mentoring by Treasury Civil Servants
- Get involved with projects and interactive sessions
- Tours of our incredible buildings

You can choose to be based at either our Darlington or London campus for the week with both virtual and in-person days.
