

FREE AUTISM & ANXIETY WORKSHOP

Delivered by Daisy Chain, funded by the Service Families Autism Project

THE ARMED FORCES
COVENANT FUND TRUST
Funded by HM Government

Summary of the project

Autism and Anxiety

Higher levels of anxiety are being reported by both neurotypical and neurodiverse children, and in particular those from service family backgrounds who experience a higher level of transition and mobility.

Details

Thursday 13th November

A FREE in person workshop, 9.30am-12pm, for staff in primary settings

Join this insightful course to deepen your understanding of how pupils may show signs of anxiety. You'll explore practical, evidence-based strategies to reduce and prevent anxiety, creating a calmer, more positive learning environment. By addressing the root causes of pupil anxiety, you'll also learn how to support improved engagement and attendance within your setting.

To be held at – Oakbridge CofE Primary School, Alvertune Road, Northallerton, DL6 2GD

Commitment From Your Setting

Staff will be asked to complete feedback on how they have implemented the strategies they have learnt and the impact this has had
