Booking onto FEAST activities using HolidayActivities

Most bookings for FEAST are made on HolidayActivities, a website where you can see all the activities on offer, book your place, provide more information about your requirements, and manage/cancel bookings as required.

To log into HolidayActivities, go to app.holidayactivities.com and either log in (using the email or social account you've used before) or sign up.

You will then be asked for your 16-digit voucher number, which will have been provided to you by email or text from HolidayActivities (or, in some limited circumstances, another way by your school or North Yorkshire Together etc.)

If you follow the link in the email or text you received for this holiday period's voucher, you will not need to manually input your voucher number.

Movie in a Week (Some Spaces Available)

Event Organiser: PQA Selby (Effectus Theatre)

Suitable for Ages: 6 - 12

SEND Specialist? No

SEND Inclusive? Yes

Dates: Monday 10th August, Tuesday 11th August, Wednesday 12th August, Thursday 13th August, Friday 14th August

Times: Monday – Thursday 9am – 5pm, Friday 9am - 4pm

Description: Imagine stepping into the magical world of film-making and, in just one week, helping to bring a brand-new movie to life from scratch. That's exactly what you'll do when you join PQA Selby as we create a new movie from scratch together. This isn't just a quick workshop – it's a full creative journey, where you'll experience every stage of the process and discover how a simple idea can grow into a finished film you can keep forever.

Across the week, you'll get hands-on with storyboarding, turning exciting ideas into visual plans that map out each scene. You'll explore character development, learning how to build believable, engaging characters with their own personalities, goals and quirks. Then it's into script writing, where you'll help shape the dialogue, action and emotion that will drive the story forward.

Once the script is ready, the real on-set adventure begins. You'll be involved in filming, discovering how to work in front of and behind the camera, and seeing how different shots, angles and performances bring each moment to life. You'll also dive into sound, learning how music, sound effects and clear audio transform raw footage into something cinematic and powerful.

To finish, you'll explore editing – the stage where it all comes together. You'll see how scenes are cut, arranged and polished to create pace, tension, humour and heart. By the end of the week, you won't just have learned about film-making – you'll have actually made a movie, from first idea to final cut.

And the best part? The finished film is yours to keep forever. You'll walk away not only with new skills and confidence, but also with a unique movie that you helped create – something you can watch back, share with friends and family, and be proud of for years to come.
