

How do we create a sustainable future for York and North Yorkshire?

Lower fuel bills | cleaner air | healthier living
| resilience to extreme weather | protection from rising energy prices | greener transport

These are the ambitions of York and North Yorkshire's Strategy for a Sustainable Future.

Have your say now and tell us how to achieve an enhanced environment, lower bills, sustainable transport and a less wasteful economy for your community or business.

Take part in our public consultation now.

Closes at midnight on June 10th.
