Cards to use with Jamie's story

Instructions

Printer settings: Assuming your printer is set for double-sided printing by default, print cards, and cut along lines. You may consider laminating the cards if you are intending to re-use them.

Cards for *What Makes You Spend?* Jamie's Resources page 22, *Skint!* page 88 *Print out and cut along the lines for each 'set' of cards.*

I've budgeted for this so I know I can afford it	I always go into a shop for one thing and end up coming out with loads!
If I'm feeling annoyed or upset, spending money cheers me up	I've been saving for ages for this
I don't have any other options, I have to buy this, whatever it costs	She bought me a present for my birthday, I have to buy her something back
Life's too short to worry about the cost. I want it now, not in a year's time	It was a good deal. I can't resist a bargain
I deserve a treat, life's tough	It's the latest model, it's just come out and I need to have it to keep up
I stick it on my card and worry about it next month	It's expensive but it will last me
Everyone else has one	It's a good brand
